Port management in function of the Canasta Familiar Normada in Cuba

The maritime port management carries out a continuous operation, for the discharge of #imports destined to the standard familiar canast. Weigh the complete current energy scenario, the door chain, transport, internal economy implement strategies, to ensure the immediate extraction and distribution of products to the provinces. In the last hours, the Haiphong Terminal, in the bay, will increase the cargo handling rates, in a large door boat that will transport #arroz hacia #Cuba.
