Unloading session begins for rice corresponding to the standard family basket.

The rice destined for the #CanastaFamiliarNormada in #Cuba is secured and unloaded at the ports of Havana and Santiago de Cuba, simultaneously, through an operation that includes its transfer and distribution. Officials from #MINCIN explained to colleague Bárbara Deás Trabajo about the completion of the pending product for the months of December, January and February. The port companies of OSDE GEMAR are immersed in these processes.
